Pet DNA Required By May 15

—By Joe Kerr

At their March meeting, the WPHA Board of Directors amended WP's covenants to require residents with dogs and cats to provide WPHA with a certified copy of each of their pets DNA trace no later than May 15, 2009.

The action was taken because residents are not

cleaning up after their pets along Waverly Park street rights-of-way and on the Common Area and Walking Trail. The cleanup requirement does not apply to owners' pets on their own lots, but would be used for pets pooping on

someone else's property.

Kits for taking pet DNA are available for \$44.95 from

www.petstreetmall.com.

After DNA processing, a certified copy of the report must be filed with the WPHA's newly-formed

(See Pet DNA on page 3)

Tax Collector's Office Moves

The Cherokee County Tax Collector's office moved from the county's South Annex in February.

The new location at 8681 Highway 92 is across from the Woodstock Square Super Target in a former Regions Bank building. The new site is more spacious and offers more service windows and a drive up window.

Car tags can be renewed and other

county tax services are available.

The office had outgrown its site at the South Annex government complex on Main Street north of downtown Woodstock

The space in the South Annex vacated by the tax office will be used by the Cherokee County Sheriff's Office Criminal Investigations Division.

Sunshine Committee

Sunshine is something we all like to see and feel. It brightens our day and warms our spirits. Just as natural sunshine does this in our lives, your Sunshine Committee wants to function in the same way.

We want to welcome the new neighbors and new babies, give out congratulations on exciting events and help out in time of sorrow, surgery or illness.

We need your help though as we might not know what is going on with your neighbors or with you.

If you know of situations that we can touch as a friendly neighborhood committee, please let us know.
