New swing set looks GREAT!!!

- We discussed the additional \$100 for installation and this amount was approved.
- Sarah has offered to paint the new set with water sealer as recommended by the installation company. Purchase of the sealer to be reimbursed later.
- Sarah was given the OK to order the airplane teeter totter online with a credit card of Nancy's (that she uses for HOA purchases) to be reimbursed later.
- We need to look into which mulch we should be buying this time around, per the gentleman that installed the playground; we currently have the incorrect type for moisture control. We will need to find out how much we ordered in the past and also if Mulch Man will accept a check from the HOA. Sarah will be handling this and also has offered to pick up with their truck to save on delivery costs.
- Once we have the new mulch, we will need to rake up the current mulch from the playground and disperse around the bushes at the pool area. Sarah and Kevin have offered to take the reins of finishing the playground project....with hopefully a little help from anyone else.
- Don/William will look into where the poles for the adult swing were purchased from and will inquire how much it would be to order additional to create an area for the baby/toddler swings. An alternative to buying the matching black poles would be to just build a frame, either with another type of pole or 2x4's. It was also discussed that we would ask Jon Hilton to dig the holes for whatever we decide on.

Pool area lights have been fixed. We discussed again to add clothes hooks in lady's room. It was also brought up that we need to get a group together to spray

paint the pool chairs to prevent any further rusting, prior to putting everything away for the fall/winter.

Nancy noticed one of the keys for the lock box was missing; we just need to confirm who has it.

Meeting ended 8:00PM

Respectfully submitted,
Sarah Reed, Secretary
