The WPHA Board of Directors (BOD) has set Friday, May 19 as opening day for the 2017 pool season.

Several factors played into this delayed opening date:

- Failure of pool key card controller
- Scheduled termite treatment on May 15 that would require closing pool for two days
- Extra curing time for new pool plaster

New Key Cards Required: All current card data was lost when the system controller failed. Homeowners' current key cards will no longer work. The BOD is working on a plan to get working key cards to all eligible homeowners/residents. Details later.
